DEFINITIONS

Generation Charge - Charge for production of electricity. Transmission Charge - Charge for moving high voltage electricity from a generation facility to the distribution lines of an electric distribution company.

TERMS OF SERVICE

1. Price - For each billing cycle, the price for the electricity supplied pursuant to this Agreement will be calculated by multiplying (i) the agreed-upon variable or fixed rate for the electricity, by (ii) the amount of electricity consumed, as determined by the EDC’s actual or estimated meter reads. The rate for electricity, whether a variable rate or fixed rate, does not include the EDC’s charges and fees.

Fixed Rate Product: If your Contract Summary indicates that you have chosen a Fixed Rate (ResiSure) electric product, the rate for the electricity supplied pursuant to this Agreement during the Initial Term (defined in your Contract Summary) will be the rate set forth on the Contract Summary. This rate includes Transmission Charges and estimated total state taxes, including the Gross Receipts Tax, but excludes applicable state and local Sales Tax. This rate will be effective starting with your first date of service with Residents Energy and will remain fixed for the Initial Term.

Variable Rate Product: If your Contract Summary indicates that you have chosen a Variable Rate (ResiFlex) electric product, the rate for the electricity supplied pursuant to this Agreement during the first monthly billing cycle will be the rate set forth on the Contract Summary. Thereafter, the rate will fluctuate at Residents Energy’s discretion. When setting rates, Residents Energy will consider numerous factors including, but not limited to, current conditions on the PJM wholesale electricity market, the cost of obtaining electricity from all sources, capacity costs, settlement costs, costs of ancillary services, hedging costs, balancing costs, line loss costs, costs to comply with any applicable Renewable Portfolio Standards, Residents Energy’s expenses and margins, and all applicable taxes, fees, or assessments. This rate includes Transmission Charges and estimated total state taxes, including the Gross Receipts Tax, but excludes applicable state and local Sales Tax. **There is no limit on how much the rate may change from one billing cycle to the next. The rate may be higher or lower than the EDC’s rate in any particular billing cycle. There is no cap on the rate.** You will receive notice of variable rate changes when you receive the bill with that rate. More information about this variable rate product, including what the rate has been for the past 24 months, can be found at www.residentseenergy.com or you can call 1.888.828.7374. However, please remember that past rates do not indicate present or future rates.

2. Length of Agreement – Fixed Rate Product: For the Fixed Rate (ResiSure) product, this Agreement shall commence as of the date Customer’s enrollment with Residents Energy is deemed effective by the EDC, and it

shall continue until the conclusion of the Initial Term (defined in your Contract Summary). The Agreement may renew at that juncture as described in the **Renewal Provisions/Agreement Expiration/Change in Terms** section below.

Variable Rate Product: For the Variable Rate (ResiFlex) product, this Agreement shall commence as of the date Customer's enrollment with Residents Energy is deemed effective by the EDC, and it shall continue until either Residents Energy or Customer provides 15 days' notice of termination to the other. Customer may terminate the Agreement by contacting Residents Energy at PO Box 400, Jamestown, NY 14702, by phone at 1.888.828.7374, or by email at contactus@residentsenergy.com.

In the event such notice is given, the EDC will complete the termination on the next available date in accordance with its rules.

Customer will also have to be an active customer of Residents Energy, in good standing, at the time the rebate is to be issued in order to qualify for the rebate. Rebate amounts appearing in Residents Energy's advertising materials or presented orally to potential customers are merely examples of rebate amounts that customers might be eligible to receive. The actual amount of any rebate will be computed by reference to Customer's actual usage over the term of this Agreement, which may vary substantially from any estimate provided. Any rebate earned by Customer will be sent to Customer at the address provided by Customer during the validation process. Rebates can be issued in a variety of forms including, but not limited to, checks, stored-value cards, or electronic gift cards. Stored-value cards and electronic gift cards will be issued by an issuing bank, pursuant to a direct relationship between Customer and the issuing bank, and will be subject to the terms and conditions of a Cardholder Agreement. Stored-value cards and electronic gift cards will expire 6 months after issuance.

Renewable Energy Option: "Renewable" energy refers to energy that is generated from renewable resources, such as solar, wind, water or biomass. If you have chosen to participate in Residents Energy's Renewable Energy Option, Residents Energy will ensure that 100% of the customer's electricity usage is matched with renewable energy certificates or renewable energy attributes. Residents Energy shall have up to 24 months from the end of each calendar year to address any deficiency that may have arisen in the renewable content of electricity sold under this Agreement during such calendar year. If you have chosen a Variable Rate (ResiFlex) product and the Renewable Energy Option, your rate for the electricity supplied will be Residents Energy's Variable Rate plus an "adder" of up to 3 cents per kWh for the Renewable Energy Option. If you wish to remove the Renewable Energy Option from your account please contact Residents Energy Customer Service at 1.888.828.7374.

4. Late Payment and Early Termination Fees - All regular payments are to be made to your EDC. Any unpaid amounts may be subject to late payment charges in accordance with your EDC's tariff.

The parties acknowledge and agree that the actual damages that Residents Energy will suffer as a result of Customer's early termination or breach are difficult to assess, the early termination fee described herein is a reasonable estimate of such damages, and such early termination fee constitutes liquidated damages rather than a penalty.

5. Cancellation Provisions – Customer may terminate this Agreement by contacting Residents Energy or the NGDC. However, see previous Section (4. Late Payment and Early Termination Fees) for details on if/when Customer will be subject an Early Termination Fee.If you fail to meet your obligations under this Agreement, or if there is a material adverse change in your business or financial condition (as determined by Residents Energy in its discretion), then, in addition to any other remedies that it may have, Residents Energy may terminate the Agreement.

If Residents Energy terminates the Agreement for any reason other than for your non-payment, Residents Energy will follow applicable rules in providing notice to you. Non-Payment – If your electricity service is terminated by your EDC, then this Agreement will be cancelled on the date that your electricity service is terminated. You will owe us for amounts unpaid for our charges for electricity generation service up to the date of termination. Customer Move – If Customer moves from the address listed above, this Agreement is cancelled.

6. Renewal Provisions/Agreement Expiration/Change in Terms – If you have a fixed term contract approaching the expiration date, or whenever Residents Energy proposes to change the terms of service in any type of contract, you will receive two separate written notifications that precede either the expiration date or the effective date of the proposed changes.
