

## **Automatic Contract Renewal**

**Your agreement with Residents Energy, LLC contains an automatic renewal provision which says that Residents Energy may choose to automatically renew your agreement for another term with a new fixed rate, when the Initial Term of the agreement expires. Residents Energy estimates that your Initial Term will expire in [REDACTED] and the Renewal Term would then begin in [REDACTED]. However, these dates are estimates. The actual dates may be later based on when the utility accepts your initial enrollment.**

**To automatically renew the agreement, Residents Energy will send you a written Renewal Notice at least 30, but not more than 60, days prior to the expiration of the Initial Term. The Renewal Notice will tell you how long the Renewal Term will last and what the Fixed Rate will be during the Renewal Term. If you do not want the agreement to renew, you must call the Residents Energy Customer Service Department at 1-888-828-7374, or write to them at PO Box 400, Jamestown, NY 14702, and state that you do not want the agreement to renew.**

**Residents Energy may renew the agreement for additional Renewal Terms by following the same procedure at the end of each Renewal Term.**
