Residents Energy, LLC - Fixed Rate (ResiSure) Terms and Conditions - V.06012019- ETF
State of New Jersey Electric License Number: ESL-0155

1) SCOPE. This is an agreement (“Agreement”) between you (also referred to as “Customer”) and Residents Energy, LLC (“Residents Energy”) an independent third-party electricity supplier, under which you authorize enrollment of your electric account(s) with Residents Energy for electricity supply. These terms and conditions apply to the purchase by you and sale by Residents Energy, of electric generation supply service as specified herein.

2) AGENCY. Customer designates Residents Energy as its agent for receiving customer billing information from the local electric distribution company (“EDC”), and for procuring and scheduling the transmission and ancillary services necessary to deliver the electricity purchased by you to your EDC’s system.

3) PRICE. A fixed rate is a rate that remains the same for a specified period of time. A variable rate is a rate that changes from time-to-time based on various factors, including weather fluctuations. This Agreement has a fixed rate segment and a variable rate segment. For the first twelve (12) monthly billing cycles of your electricity supply pursuant to this Agreement, the rate for the electricity supplied will be fixed at _____ per kWh. After that, the rate for the electricity supplied will vary based on a number of factors including, but not limited to, current conditions on the PJM wholesale electricity market, the actual and estimated cost of obtaining electricity from all sources, capacity costs, settlement costs, costs of ancillary services, hedging costs, balancing costs, line loss costs, costs to comply with any applicable Renewable Portfolio Standards, Residents Energy’s expenses and margins, and all applicable taxes, fees, or assessments. Residents Energy’s rate, whether fixed or variable, may be higher than your EDC’s rate at any particular time; there is no guarantee of savings. For each monthly billing cycle, the price for the electricity supplied pursuant to this Agreement will be calculated by multiplying: (i) the fixed or variable rate for electricity, by (ii) the amount of electricity consumed as measured by your EDC’s estimated or actual meter reads.

Rebate Programs: From time-to-time Residents Energy may offer a rebate program for new customers who enroll with Residents Energy and maintain active accounts with Residents Energy for a specified period of time. To be eligible to earn a rebate under any such rebate program, Customer will have 60 days to complete a validation process in accordance with the instructions that will be provided to Customer. Customer will also have to be an active customer of Residents Energy, in good standing, at the time the rebate is to be issued in order to qualify for the rebate. Rebate amounts appearing in Residents Energy’s advertising materials or presented orally to potential customers are merely examples of rebate amounts that customers might be eligible to receive. The actual amount of any rebate will be computed by reference to Customer’s actual usage over the term of this Agreement, which may vary substantially from any estimate provided. Any rebate earned by Customer will be sent to Customer at the address provided by Customer during the validation process. Rebates can be issued in a variety of forms including, but not limited to, checks, stored-value cards, or electronic gift cards. Stored-value cards and electronic gift cards will be issued by an issuing bank, pursuant to a direct relationship between Customer and the issuing bank, and will be subject to the terms and conditions of a Cardholder Agreement. Stored-value cards and electronic gift cards will expire 6 months after issuance.

Renewable/Green Energy Option: Renewable/Green energy refers to energy that is generated from renewable sources, such as solar, wind, water or biomass. If a customer chooses the Renewable/Green Energy Option, Residents Energy will ensure that 100% of the customer’s electricity usage is matched with renewable energy certificates or renewable energy attributes. Residents Energy shall have up to 24 months from the end of each calendar year to address any deficiency that may have arisen in the renewable content of electricity sold under this Agreement during such calendar year. If you have chosen the Renewable/Green Energy Option, your rate during the Variable Rate segment of this Agreement will be comprised of Residents Energy’s standard variable rate plus an “adder” of up to 3 cents per kWh. If you wish to cancel the Renewable/Green Energy Option, you may call Residents Energy at 1-888-828-7374.

4) BILLING and PAYMENT. You will normally receive one bill each month for your energy supply, issued either by your EDC or by Residents Energy. If your EDC issues the bill, you will pay the EDC in accordance with the payment terms of the EDC’s tariff. If Residents Energy issues the bill, payment of the full amount billed is due 25 days after the date the bill is mailed. Late payments or partial payment balances will be subject to collection fees and/or reasonable attorney’s fees and court cost, as allowed by law. All accounts which are overdue may be referred to a collection agency consistent with New Jersey law. Your bill will be based on scheduled meter readings and/or estimates provided by your EDC. The parties agree to accept, for purpose of accounting for the electricity delivered under this Agreement, the quantity, quality, and measurement determined by your EDC. A twenty- dollar (\$20) fee will be charged for all returned checks.

5) TITLE and TAXES. Under this Agreement, title to the electricity shall pass from Residents Energy to you prior to delivery to your EDC. Residents Energy’s rate includes applicable sales taxes.

6) TERM, TERMINATION, TERMINATION FEES. You will receive a confirmation notice from your EDC to

electric generation service, however, if Customer terminates this Agreement during the fixed rate segment thereof, or if Residents Energy terminates this Agreement during the fixed rate segment thereof due to Customer's breach, Customer shall pay Residents Energy, in addition to any other applicable charges, a termination fee for each terminated account equal to: \$10.00 for each monthly billing cycle, or portion thereof, remaining in the fixed rate segment of this Agreement. The parties acknowledge and agree that the actual damages that Residents Energy will suffer as a result of Customer's early termination or breach are difficult to assess, the termination fee described herein is a reasonable estimate of such damages, and such termination fee constitutes liquidated damages rather than a penalty. Please note that it may take several billing cycles for your EDC to process the cancellation of service.

7) ASSIGNMENT. Residents Energy may assign or transfer its rights or obligations under this Agreement after first informing you in writing of such transfer or assignment. You may not assign or transfer your rights or obligations under this Agreement.

If at some future date there is a change in a law, rule, or regulation, whereby Residents Energy is prevented, prohibited or frustrated from carrying out the terms of this Agreement, then at the sole discretion of Residents Energy, this Agreement may be cancelled. If at some future date, there is a change in a federal or state approved tariff affecting Residents Energy's cost to purchase electricity required to provide your service, then, at the sole discretion of Residents Energy, this Agreement may be modified to reflect those costs, in which case Residents Energy will provide you with a written notice of such modification.

10) FORCE MAJEURE. Except as otherwise set forth herein, force majeure is the only excuse for non-performance and all other excuses (at law or in equity) are waived. Except from payment obligations, a force majeure event will, upon notice, excuse both parties' performance during the event. "Force Majeure" means those events not reasonably anticipated on the effective date hereof and outside the control of the claiming party and include force majeure events associated with your EDC or the commodity supplier or other entity used to deliver electricity to Customer's residence.

11) LIMITATION OF LIABILITY. In no event shall Residents Energy or Customer be liable to the other or to any third party for any indirect, incidental, consequential, punitive, reliance or special damages, including without limitation, damages for lost profits, advantage, savings or revenues of any kind or increased cost of operations, whether or not Residents Energy or Customer has been advised of the possibility of such damages. Customer acknowledges that Residents is not responsible for the delivery of electricity to Customer and as such is not responsible for any damages caused by any service outage, defect or failure. Residents Energy's liability for claims arising in connection with its service under this Agreement shall be limited to proven direct damages incurred by Customer, if any.

12) INDEMNIFICATION. Customer is responsible for the indemnification of Residents Energy against any and all liabilities resulting from Customer's failure to fully comply with this Agreement, except liability resulting from the negligence of Residents Energy.
